Africa

SUMMARY

I am an effective-worker, compassionate woman with a growth mindset. I am eager to learn and share my knowledge. I bring my best to every challenge and I take pride in the quality of work that I produce. I am interested in software development, debating and addressing social issues.

EMPLOYMENT HISTORY

Academic YearBeyond Volunteer - YearBeyond

Cape Town, Western Cape

February 2022 - Till Date

Planned and organized a Numeracy and Literary afternoon session for grade 3 learners. Assisted them with homework and provide a welcoming environment for learning to take place. During tuition time, I do paired reading with ten learners every day. Every Friday I participate in Future Fit Friday's where I get skills and personal development training.

Human Resources Coordinator - Thethani Debating League

Rondebosch, Western Cape

March 2019 - October 2019

Recruitment of TDL volunteers to increase Volunteers that teach Debating Skills to High School learners. Arrange transport for Volunteers to go to schools and back to campus. Assist Volunteers with any queries, and or general questions they have and refer them to relevant departments.

Deputy Director - Thethani Debating League

Rondebosch, Western Cape

April 2019 - October 2019

Supervise a team of volunteers and oversee the daily functions of TDL. Coordinate with the TDL executive director in preparing long-term strategies to achieve organizational goals. It is my job to make sure that these goals are met through the TDL available resources. Aid alliances so that conversation objectives will be achieved

Coding Tutor - GirlyHype

Cape Town, Western Cape

November 2018 - February 2019

Tutored people in computer programming by teaching them how to write codes. My duties included assisting students in the creation and development of software and help them learn how to maintain and fix code in various formats. Depending on the student's needs, I with anything from Java to C++.
